Report on Review of the Condensed Interim Financial Information To the Shareholders of Dubai National Insurance & Reinsurance Co. (P.S.C.)

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Dubai National Insurance & Reinsurance Co. (P.S.C.) (the “Company”) as at 30 June 2025 and the related condensed interim income statement, and condensed interim statement of comprehensive income for the three-month and six-month period then ended, condensed interim statement of changes in equity and condensed interim statement of cash flows for the six-month period then ended, material accounting policy information and other explanatory notes. Management is responsible for the preparation and fair presentation of this condensed interim financial information in accordance with International Accounting Standard 34 “Interim Financial Reporting”. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 “*Interim Financial Reporting*”.

Dubai National Insurance & Reinsurance Co. (P.S.C.)
Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information
For the period ended 30 June 2025

1 Legal status and activities

Dubai National Insurance & Reinsurance Co. (P.S.C.) (the “Company”) is a public shareholding Company incorporated in Dubai on 6 January 1992.

The Company is engaged in insurance and reinsurance of all classes of business in accordance with the provisions of the United Arab Emirates (“UAE”) Federal Decree Law No. (48) of 2023, concerning Financial Regulations of Insurance Companies issued by the Central Bank of United Arab Emirates and regulation of its operations.

The registered address of the Company is Dubai National Insurance Building, 3rd Floor, Sheikh Zayed Road, P.O. Box 1806, Dubai, UAE.

2 Basis of preparation

This condensed interim financial information is for the six-month period ended 30 June 2025 and is presented in United Arab Emirate Dirham (AED), which is also the functional currency of the Company. This condensed interim financial information has been prepared in accordance with IAS 34 ‘Interim Financial Reporting’ and complies with the applicable requirements of the laws in the U.A.E.

This condensed interim financial information has been prepared on the historical cost basis, except for financial assets carried at fair value through other comprehensive income, financial assets carried at fair value through profit and loss and investment property carried at fair value which are carried at fair value.

The Company’s condensed interim statement of financial position is not presented using a current / non-current classification. However, the following balances would generally be classified as current: cash and cash equivalents, financial assets at fair value through profit or loss, other receivables, other payables and income tax payable. The following balances would generally be classified as non-current: property and equipment, investment properties and statutory deposits and employees’ end of service benefits. The following balances are of mixed nature (including both current and non-current portions): financial assets at fair value through other comprehensive income, reinsurance contract assets, insurance contract assets and liabilities, fixed deposits, bank balances and deferred tax liability.

The condensed interim financial information does not include all of the information required in annual financial statements in accordance with IFRS and should be read in conjunction with the financial statements of the Company for the year ended 31 December 2024. Further, results for interim periods are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2025.

3 Material accounting policy information

The accounting policies, critical accounting judgments and key source of estimation used in the preparation of this condensed interim financial information are consistent with those used in the audited financial statements for the year ended 31 December 2024, except for application of new standards effective as of 1 January 2025 and several amendments and interpretations apply for the first time in 2025.

Standards, interpretations and amendments to existing and new standards

There are no accounting pronouncements which have become effective from 1 January 2025 that have a significant impact on the condensed interim financial information.

Judgements and estimates

When preparing the condensed interim financial information, management undertakes a number of judgements, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results.

The judgements, estimates and assumptions applied in the condensed interim financial information, including the key sources of estimation uncertainty, were the same as those applied in the Company’s last annual financial statements for the year ended 31 December 2024.

Dubai National Insurance & Reinsurance Co. (P.S.C.)
Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information
For the period ended 30 June 2025

3 Material accounting policy information (continued)

Discount rates

The Company use bottom-up approach to derive the discount rate. Under this approach, the discount rate is determined as the risk-free yield, adjusted for differences in liquidity characteristics between the financial assets used to derive the risk-free yield and the relevant liability cash flows (known as an 'illiquidity premium'). The risk-free rate was derived using EIOPA rates with volatility adjustment along with the country risk premium (inclusive of the liquidity premium).

Discount rates applied for discounting of future cash flows are listed below:

		1 year		3 years		5 years		10 years		20 years	
		2025	2024	2025	2024	2025	2024	2025	2024	2025	2024
Insurance contracts issued											
AED		5.08%	5.15%	4.61%	5.04%	4.64%	4.99%	4.93%	5.04%	5.25%	5.08%
Reinsurance contracts held											
AED		5.08%	5.15%	4.61%	5.04%	4.61%	4.99%	4.93%	5.04%	5.25%	5.08%

Risk adjustment for non-financial risk

The Company use Mack method to determine its risk adjustment for non-financial risk. The bootstrap effectively allows the Company to measure the uncertainty about the amount and timing of the cash flows that arise from non-financial risk since bootstrapping the triangles aims to illustrate the variability of the paid claims.

The risk adjustment for non-financial risk is the compensation that the Company requires for bearing the uncertainty about the amount and timing of the cash flows of groups of insurance contracts. The risk adjustment reflects an amount that an insurer would rationally pay to remove the uncertainty that future cash flows will exceed the expected value amount.

The Company has estimated the risk adjustment using a confidence level (probability of sufficiency) approach at the 70th percentile. That is, the Company has assessed its indifference to uncertainty for all product lines (as an indication of the compensation that it requires for bearing non-financial risk) as being equivalent to the 70th percentile confidence level less the mean of an estimated probability distribution of the future cash flows. The Company has estimated the probability distribution of the future cash flows, and the additional amount above the expected present value of future cash flows required to meet the target percentiles.

Dubai National Insurance & Reinsurance Co. (P.S.C.)

4 Investment properties

	(Unaudited) 30 June 2025 AED'000	(Audited) 31 December 2024 AED'000
Opening net book value	175,605	158,480
Additions during the period/year	-	194
Increase in fair value during the period/year	-	16,931
Closing net book value	<u>175,605</u>	<u>175,605</u>

On 31 December 2024, two independent and experienced professional valuers estimated the fair value of the investment properties at AED 173.1 million and AED 178.2 million. The Company has opted the average of the two investment properties valuations. The valuers hold relevant professional qualifications and experience. Investment properties are carried at level-3 Fair value and management estimates that there has been no change in the fair value of investment properties during the six-month period ended 30 June 2025.

5 Financial assets

Financial assets measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. This grouping is determined based on the lowest level of significant inputs used in fair value measurement, as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets;
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Note	Level 1 AED'000	Level 2 AED'000	Level 3 AED'000	Total AED'000

Post-employment benefits	44	43	22	23
	1,544	1,264	871	667

As at 30 June 2025, the company has paid an advance to Al Habtoor City Real Estate Development LLC amounting to AED 25.2 million (31 December 2024: AED 21.9 million) toward the property under development. Additionally, the Company has commitments towards the same property under development amounting to AED 42 million as at 30 June 2025 (31 December 2024: AED 45 million).

Quoted investment at FVTOCI amounting to AED 11.96 million as at 30 June 2025 (31 December 2024: quoted investment amounting to AED 12.8 million) is registered in the name of the Chairman in the beneficial interest of the Company (refer to note 5).

In April 2024, the Company recognised a significant property claim amounting to AED 754.7 million from Al Habtoor Motors Co LLC, a related party. The claim is primarily covered by facultative reinsurance arrangements. As a result, the Company recorded a reinsurance contract asset of AED 753.3 million.

During the current period, the company has revised the claim amount to AED 600 million on the basis of change in claim estimates, further the company has received AED 205 million (31 December 2024: AED 168 million) till date from the reinsurers and the same has been paid to Al Habtoor Motors Co LLC resulting in change of insurance contract liabilities to AED 395 million and reinsurance contract assets to AED 394 million.

The management of this claim involves complexities related to the damaged motor vehicles and other assets of the insured, and the losses are still being assessed. The reported figures for insurance contract liabilities and reinsurance contract assets reflect management's best estimate at the reporting date. However, given the evolving nature of the claim, the final amounts may differ from these estimates, and the Company expects these amounts to develop till the loss assessment is completed. Management continues to monitor the claim closely and will update its estimates as further information becomes available.

9 Cash and bank balances

Cash and bank balances comprise the following statement of financial position amounts:

	(Unaudited) 30 June 2025 AED'000	(Audited) 31 December 2024 AED'000
Cash in hand	10	10
Cash at banks	283,545	246,312
	283,555	246,322

Dubai National Insurance & Reinsurance Co. (P.S.C.)
Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information
For the period ended 30 June 2025

9 Cash and bank balances (continued)

Cash at banks includes deposits amounting to AED 197.6 million (31 December 2024: AED 185.4 million) held with local banks carrying interest ranging from 4.20% - 5.20% (31 December 2024: 2.5% - 5.27%) per annum.

As per management's assessment, expected credit loss on cash and cash equivalents is immaterial.

Cash and cash equivalents at the end of the period as shown in the condensed interim statement of cash flows can be reconciled to the related items in the financial items in the condensed interim statement of financial position as follows:

	(Unaudited) 30 June 2025 AED'000	(Unaudited) 30 June 2024 AED'000
Cash and bank balances	283,555	220,580
Bank deposits with original maturity over 3 months	(117,660)	(123,565)
Cash and cash equivalents	<u>165,895</u>	<u>97,015</u>

10 Reserves

Statutory reserve

In accordance with the Company's Articles of Association and Article 241 of the Federal Decree Law No. (32) of 2021, a minimum of 10% of the Company's annual net profits must be transferred to a non-distributable statutory reserve. As per the Company's Articles of Association, such transfers are required until the balance in the statutory reserve equals 50% of the Company's paid-up share capital. No transfer to statutory reserve has been made during the period as it has already reached 50% of the paid-up share capital (31 December 2024: Nil).

General reserve

Transfers to the general reserve are made on the recommendation of the Board of Directors. This reserve may be used for such purposes as deemed appropriate by the Board of Directors. During the period, there were no transfers from or to the general reserve (31 December 2024: no transfers)

Reinsurance reserve

In accordance with Article 34 of Insurance Authority's Board of Directors Decision No. 23 of 2019, concerning instructions organising reinsurance operations, the reserve is not available for distribution and will not be disposed of without prior approval from the Central Bank of United Arab Emirates.

11 Earnings per share

16 Commitments and contingencies

At the statement of financial position date, the Company has commitments towards the capital work in progress of AED 42 million (31 December 2024: AED 45 million).

The Company is subject to litigation in the normal course of its business. Although the ultimate outcome of these claims cannot presently be determined, adequate provisions have been made for any liability that may result, based on management's best estimates.

Dubai National Insurance & Reinsurance Co. (P.S.C.)
Condensed interim financial information (Unaudited)

Notes to the condensed interim financial information
For the period ended 30 June 2025

17 Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value of financial instruments carried at amortised cost

Management considers that the carrying amounts of financial assets and financial liabilities recognised at amortised cost in the condensed interim financial information approximate their fair values except for financial investments measured at fair value through other comprehensive income of which fair value is determined based on the quoted market prices and disclosed in Note 5 of this condensed interim financial information.

Fair value of financial instruments carried at fair value

Valuation techniques and assumptions applied for the purposes of measuring fair value

The fair values of assets are determined using similar valuation techniques and assumptions as used in the audited annual financial statements for the year ended 31 December 2024.

Financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

The following table provides an analysis of financial and non- financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 the fair value of financial instruments traded in an active market is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the company is the current bid price. These instruments are included in Level 1.
- Level 2 the fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximizes the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are unobservable, the instrument is included in Level 2.
- Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Some of the Company's financial assets are measured at fair value at the end of the reporting period. The following table gives information about how the fair values of these financial assets are determined:

Financial assets	Fair value as at		Fair value hierarchy	Valuation techniques and key inputs	Significant unobservable input	Relationship of unobservable inputs to fair value
	30 June 2025 (Unaudited) AED'000	31 December 2024 (Audited) AED'000				
Quoted debt securities	38,587	65,857	Level 1	Quoted bid prices in an active market	None	N/A
Quoted equity securities	510,386	444,845	Level 1	Quoted bid prices in an active market	None	N/A

There were no transfers between levels during the period. There are no financial liabilities which should be measured at fair value and accordingly no disclosure is made in the above table.

18 Capital risk management

The solvency regulations identify the required Solvency Margin to be held in addition to insurance liabilities. The Solvency Margin (presented in the table below) must be maintained at all times throughout the period. The Company is subject to solvency regulations which it has complied with during the period. The Company has incorporated in its policies and procedures the necessary tests to ensure continuous and full compliance with such regulations. The table below summarises the Minimum Capital Requirement, Minimum Guarantee Fund and Solvency Capital Requirement of the Company and the total capital held to meet these required Solvency Margins.

	(Unaudited)	(Audited)
	30 June	31 December
	2025	2024
	AED'000	AED'000
Minimum capital requirement (MCR)	100,000	100,000
Solvency capital requirement (SCR)	199,399	204,120
Minimum guarantee fund (MGF)	73,500	68,040
Basic own funds	442,464	369,057
MCR solvency margin – surplus	342,464	269, 057
SCR solvency margin – surplus	243,065	164,937
MGF solvency margin – surplus	368,963	301,017
