## **Unibap Space Solutions: Selected to Supply Loft Orbital**

**Unibap Space Solutions AB (publ) has signed a three-year framework agreement with Loft Orbital (Loft) to provide the latest generation Edge computing solutions for Loft's constellation. The first call-off order value is 1.39 MEUR, with delivery in 2025.**

Unibap's Payload high-performance Edge Computer solutions will be utilized by Loft and its subsidiaries to enable in-orbit edge processing of sensor data using AI/ML. The inaugural order of the X10-102 hardware and software - Unibap's dual-use product - pending export license approval, will be delivered to Loft's UAE joint venture, Orbitworks, in 2025.

- We build with the future in mind and are excited to see Unibap's products supporting Loft constellations for years to come. This framework agreement is yet another milestone that demonstrates our commitment to technology innovation, agility, and responsiveness to dynamic lead times and delivery volume. Unibap appreciates the confidence Loft has placed in us as we continue to push the boundaries of what can be delivered in orbit with on-board high performance edge computing.
