

SDS receives additional order worth approximately SEK 11 million - strengthens partnership with leading telecom operator

Seamless Distribution Systems AB (SDS) today announces that the company has received an additional order worth approximately SEK 11 million from one of the world's ten largest telecom operators. This order is a result of the successful collaboration on the Smart Capex software and marks another step in building a long-term and strong partnership between SDS and the customer.

"We are very proud that our customer chooses to expand the collaboration with us," says Martin Schedin, CEO of SDS.

"This additional order is a clear testament to the trust the customer has in our technology and our team. It strengthens our position as a trusted partner in the telecom industry and demonstrates that Smart Capex delivers real business value."

The additional order includes additional functionality and services within Smart Capex, enabling the telecom operator to continue to optimize its investment budgets and maximize the return on its technology investments in 5G, FWA and Fiber.

The partnership builds on the good results already achieved and underlines SDS's commitment to delivering innovative and data-driven solutions to its customers.

About SDS

SDS is a Swedish international software company specializing in mobile payment services for mobile operators, distributors, retailers and consumers. SDS ensures that telecom operators can sell talk time, data and ancillary services where SDS products and services handle up to 90% of the telecom operator's sales. Today, SDS has implemented solutions in fintech, advanced

analytics and Retail Value Management, and where these products have succeeded, they are transformed into so-called SaaS solutions.

SDS has approximately 200 employees in Sweden, France, Belgium, Romania, South Africa, Ghana, Nigeria, the United Arab Emirates, Pakistan and India. SDS handles more than 15 billion transactions worth over \$14 billion annually. Through over 3 million monthly active digital product resellers, it indirectly serves more than 1100 million consumers globally.

SDS's share is listed on Nordic SME on the Nordic Growth Market.
