## **REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF TAALEEM HOLDINGS P.J.S.C.**

### ***Introduction***

We have reviewed the accompanying interim condensed consolidated financial statements of Taaleem Holdings P.J.S.C. (the “Company”) and its subsidiaries (collectively referred to as the “Group”) which comprise the interim condensed consolidated statement of financial position as at 30 November 2025, and the related interim condensed consolidated statement of comprehensive income, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the three-month period then ended and explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, *Interim Financial Reporting* (“IAS 34”). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### ***Scope of Review***

We conducted our review in accordance with International Standard on Review Engagements 2410, *“Review of Interim Financial Information Performed by the Independent Auditor of the Entity”*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### ***Conclusion***

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

- During 2023-24, the Group obtained a trade license for DSAK (Br of Taaleem Management LLC), to manage and operate “Dubai School – Al Khawaneej” as part of the arrangement with KFE. The Group has transferred operations of Dubai Schools Mirdif (“DSM”) to Dubai School – Al Khawaneej, starting from the academic year 2024-25.
- The Group acts as a principal in relation to operation of the above schools as it derives full economic benefits and has control over the strategic and day to day operations of the schools.

##### c. With Emirates School Establishment (“ESE”)

- During 2022-23, to manage and operate four schools in connection with the Ajyal (Generations) School (“Ajyal Schools”) initiative by the Federal Ministry of Education, namely LBHS School (Fujairah), WAHS School (Eastern Sharjah), OBAS School (Ajman) and SMGS School (Sharjah) for an initial period of 1 year commencing from academic year 2023-24 with an option for further extension by another 2 years. The agreement is extended for a period of 2 years for academic years 2024-25 and 2025-26.
- The Group recognises the management fees as an agent in relation to the arrangement with ESE.

The above schools are collectively referred to as the “Schools”

### 2 BASIS OF PREPARATION

The interim condensed consolidated financial statements for the three-month period ended 30 November 2025 have been prepared in accordance with IAS 34 *“Interim Financial Reporting”*.

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Group’s annual consolidated financial statements as at and for the year ended 31 August 2025.

The preparation of interim condensed consolidated financial statements in conformity with IFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the Group’s interim condensed consolidated financial statements are largely consistent with the annual consolidated financial statements for the year ended 31 August 2025 and should be read in conjunction thereof.

(All amounts in United Arab Emirates Dirham (AED), unless otherwise stated)

### 2 BASIS OF PREPARATION (continued)

The Group's management have made an assessment of the Group's ability to continue as a going concern and are satisfied that the Group has the financial resources to continue in business for the foreseeable future. Further, Group's management and Board of Directors are not aware of any material uncertainty that may cast significant doubt upon the Group's ability to continue as a going concern. Therefore, the interim condensed consolidated financial statements continue to be prepared on the going concern basis.

These interim condensed consolidated financial statements have been presented on the historical cost basis, except otherwise stated.

The interim condensed consolidated financial statements are presented in the United Arab Emirates Dirham (AED), which is the Company's functional currency.

#### *Seasonality*

The Group's operations is subject to cyclical fluctuations during the financial year due to the academic break during the summer months, typically from July to August. Whilst revenue from tuition and other fees are recognised by the Group's management over the academic term (i.e. typically 10 months), the underlying costs of school operations are over the full financial year (i.e. 12 months). Accordingly, the interim period revenue and earnings of each quarter is not necessarily indicative of the results that may be achieved for any other quarter or the full financial year ending 31 August 2026. In particular, the Group's financial results for the last quarter of the financial year will reflect lower revenue against costs for the entire quarter.

### 3 ACCOUNTING POLICIES

#### 3.1 New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's consolidated financial statements for the year ended 31 August 2025, except for the adoption of new standards effective as of 1 January 2025, which had no significant impact on the interim condensed consolidated financial statements of the Group.

The Group has not early adopted any standard, interpretation, or amendment that has been issued as at the date of the authorisation of these interim condensed consolidated financial statements but is not yet effective. Management has assessed the implication of adopting the new standards which are not yet effective and concluded that there are no significant impact on the interim condensed consolidated financial statements of the Group.

#### (b) Acquisition in 2024-25

##### *Acquisition of Lycée Libanais Francophone Privé Meydan L.L.C-FZ (“LLFPM”)*

On 6 November 2024, the Group had entered into a Share Purchase Agreement (“SPA”) with the Shareholders of LLFPM, a limited liability company incorporated in Dubai, United Arab Emirates to acquire 100% equity interest of LLFPM.

The total consideration for the acquisition was AED 340 million, which was settled during the year ended 31 August 2025 (Audited). In addition, the Group paid AED 6.17 million to the shareholders of LLFPM for their share of net assets as at 6 November 2024 (“acquisition date”) during the year ended 31 August 2025 (Audited). There were no non-controlling interests arising on this acquisition and no contingent considerations. The main activity of LLFPM is to provide for the educational needs of the children of the Lebanese and Francophone community.

##### *Fair value of assets acquired and liabilities*

As at 30 November 2024 (Unaudited), the fair value of assets acquired and liabilities assumed was disclosed on a provisional fair value basis as the purchase price allocation exercise had not been finalised. Such exercise was completed during the six-month period ended 28 February 2025 (Unaudited). Accordingly, this resulted in restatement of certain comparative information reflected in the interim condensed consolidated financial statements as at and for the three-month period ended 30 November 2024 (Unaudited):

### 5 PROPERTY AND EQUIPMENT

During the three-month period ended 30 November 2025 (Unaudited), the additions to property and equipment amounted to AED 79,538,890 (three-month period ended 30 November 2024 (Unaudited): AED 451,247,266) which includes capitalisation of borrowing costs of AED 1,217,060 (three-month period ended 30 November 2024 (Unaudited): AED 418,582).

The additions during the three-month period ended 30 November 2025 (Unaudited) mainly include a plot of land amounting to AED 40 million acquired in Dubai for construction and development of a school.

The depreciation expense for the three-month period ended 30 November 2025 (Unaudited) amounted to AED 23,798,637 (three-month period ended 30 November 2024 (Unaudited) (Restated): AED 20,255,539).

There were no significant disposals during the three-month periods ended 30 November 2025 (Unaudited) and 30 November 2024 (Unaudited).

The Group's management has assessed and concluded there were no indicators of impairment as at 30 November 2025 (Unaudited).

At the beginning of the previous financial year, management engaged an independent external specialist to reassess the estimated useful lives of buildings included within property and equipment. The assessment was completed during fourth quarter of the previous financial year, and the useful life of buildings was revised from 30 years to 50 years. Accordingly, management applied the change in accounting estimate with effect from 1 September 2024. This resulted in restatement of comparative information reflected in the interim condensed consolidated financial statements as at and for the three-months period 30 November 2024 (Unaudited) relating to the net carrying value of buildings and the resultant decrease in depreciation charge by an amount of AED 5,248,613 (AED 4,776,238, net of tax).

#### *Capital advances*

a) During 2024-25 (Audited), the Group paid advances of AED 25,300,000 towards the construction and development of the school building and premises for Harrow International School – LLC ("HSD").

Of this, an amount of AED 1,967,430 has been transferred to capital work-in-progress during the three-month period ended 30 November 2025 (Unaudited) (31 August 2025 (Audited): AED 3,980,107). As at 30 November 2025 (Unaudited), capital advances amounted to AED 19,352,463 (31 August 2025 (Audited): AED 21,319,893). The school construction and development activities are expected to be completed during the year 2025-26.

The school construction and development activities are expected to be completed during the year 2026-27.

### 6 INVESTMENT IN A JOINT VENTURE

On 19 June 2025 (the "acquisition date"), the Group, through its wholly owned subsidiary Taaleem Limited, had entered into a Share Purchase Agreement ("SPA") with the former shareholders of Kids First Group Limited ("KFG"), a company incorporated under the laws of Jebel Ali Free Zone, Dubai, United Arab Emirates to acquire 95% shareholding (equity) interest in KFG. The total consideration for the acquisition was AED 921.33 million, which was settled during the year ended 31 August 2025 (Audited). The principal activity of KFG is to provide facilities in nursery and pre-school education. KFG's operations are subject to moderate seasonal fluctuations during the last quarter of the Group's financial year mainly attributable to the lower enrolments during the summers in UAE.

### 9 CASH AND CASH EQUIVALENTS (continued)

Sukuk deposits were placed with a financial institution in UAE which are callable on demand with an initial lock-in period of 30 days and carries interest at commercial rates. These deposits are classified as cash and cash equivalents as they are redeemable at any time after 30 days from deposit date without penalty and thus highly liquid in nature i.e. readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. During the three-month period ended 30 November 2025 (Unaudited), the Group has earned an interest income amounting to AED 1,884,516 from sukuk deposits (three-month period ended 30 November 2024 (Unaudited) AED 2,497,656) (Note 15).

\*The cash and cash equivalents disclosed above include AED 60,735,248 (Unaudited) (31 August 2025 (Audited): AED 66,152,938) which are held by the subsidiaries of the Company (i.e. Taaleem Holdings Sole Proprietorship LLC and Taaleem Management LLC). These bank balances are held for the restricted purpose of managing the operations of the ADEK and ESE charter schools and therefore not available for use by the Group for its own school operations.

### 21 SEGMENT INFORMATION

The Group's operating segments are established on the basis of those components of the Group that are evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. The Group has determined the chief operating decision maker to be its Chief Executive Officer who undertakes such decision in consultation with the Board of Directors. On 19 June 2025, the Group acquired 95% equity interest in KFG whose principal activity is to provide nursery education and related facilities (Note 6). Post acquisition, the Group has identified two reportable segment classified as "School operations" and "Nursery operations" which encompasses the management, operation and related ancillary activities related to the day-to-day function of all the schools and nurseries under the purview of the chief operating decision maker.

The determination of the Group's operating segment is based on the information which is reported to chief operating decision maker for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on segment profit or loss. Transactions between segments, if any, are conducted at mutually agreed terms and conditions and are fully eliminated on consolidation.

Corporate head office is not an operating segment and comprises mainly administrative and payroll costs relating to certain key management personnel which are not assigned to the other segments.

#### *Geographic segments*

As at 30 November 2025 (Unaudited), all of the business activities and operations of the Group are significantly located in the UAE.

### 21 SEGMENT INFORMATION (continued)

#### *Primary segment information (continued)*

\*The Group's chief operating decision maker regularly reviews the segment information related to the nursery operations based on its aggregate revenue and profit/(loss) to make decisions about resources to be allocated to the segment and assess its performance. However, as required by IFRS 11 Joint Arrangements, the Group's interest in the joint venture is accounted for in the interim condensed consolidated financial statements using the equity method. The adjustments and eliminations arising on account of the differences between financial information in the segment information and the equity method are included under "Adjustments and eliminations".

### 23 FAIR VALUE ESTIMATION

Financial instruments comprise financial assets and financial liabilities.

Financial assets mainly consists of fees and other receivables, wakala and short term deposits, bank balance, derivative asset and sukuk deposits. Financial liabilities consist of interest-bearing loans and borrowings, trade and other payables, debenture payables and derivative liability.

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The fair value of interest-bearing loans and borrowings bear commercial rate of interest which gets re-priced at regular intervals and approximates its carrying amount. For debentures payable, the Group's management assessed the fair value using the discounted cash flow analysis and reflected such value as at the reporting date. For derivative asset and liability, the Group's management appointed an external specialist to assess the fair value using relevant valuation techniques as at 31 August 2025 (Audited) and noted no significant difference during the three-month period ended 30 November 2025 (Unaudited). The fair value of the other financial assets and liabilities approximate their carrying values at the end of the reporting period largely due to the short-term maturities of these instruments.

Adjustments for tax purposes include items relating to both income and expense. The adjustments are based on the current understanding of the existing tax laws, regulations and practices. The Group has not identified any material risks or uncertainties in the structure from a corporate tax perspective and will continuously monitor further developments that could impact the tax profile of the Group.

### Pillar Two Anti-Global Base Erosion Rules

The Organisation for Economic Co-operation and Development (OECD)/G20 Inclusive Framework on Base Erosion and Profit Shifting (BEPS) has published the Pillar Two Anti-Global Base Erosion Rules ("GloBE Rules"), which are designed to address the tax challenges arising from the digitalisation of the global economy. These rules provides a coordinated system to ensure that multinational enterprises (MNEs) with revenue above Euro 750 million pay at least an effective tax rate of 15% in each of the jurisdiction in which they operate. The UAE published Federal Decree-Law No. 60 of 2023 on 24 November 2023. This law amends specific provisions of Federal Decree-Law No. 47 of 2022 on the Taxation of Corporations and Businesses, as part of the UAE's commitment to the OECD guidelines.

On 11 February 2025, the Ministry of Finance of the United Arab Emirates (UAE) released Cabinet Decision No. 142 of 2024 regarding the Imposition of Top-Up Tax on Multinational Enterprises on its website. This decision provides further details on the UAE Domestic Minimum Top-up Tax (UAE DMTT), which will apply to fiscal years starting on or after 1 January 2025. The UAE DMTT aims to ensure that certain in-scope UAE entities of a multinational enterprise (MNE) meet a 15% effective tax rate (ETR) on profits derived in the UAE.

As at 30 November 2025 (Unaudited), the Group does not meet the required threshold as per the requirements of the UAE DMTT. The Group will continue to monitor the related developments and assess any potential exposure in accordance with the relevant legislation.
