## **Report on Review of Interim Condensed Consolidated Financial Statements To the Shareholders of Union Properties P.J.S.C**

### **Introduction**

We have reviewed the accompanying interim condensed consolidated statement of financial position of Union Properties P.J.S.C (the "Company") and its subsidiaries (the "Group") as at September 30, 2025, the related interim condensed consolidated statement of profit or loss and other comprehensive income for, three-month and nine-month periods then ended, interim condensed consolidated statement of changes in equity, and interim condensed consolidated statement of cash flows for the nine-month period then ended and other related explanatory notes.

Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on the interim condensed consolidated financial statements based on our review.

### **Scope of Review**

We conducted our review in accordance with the International Standard on Review Engagements 2410, *'Review of Interim Financial Information Performed by the Independent Auditor of the Entity'*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of any significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our review nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

### 2 NEW STANDARDS, AMENDMENT TO STANDARDS AND INTERPRETATIONS

There are no new standards issued, however, there are number of amendments to standards which are effective from January 1,2025 and has been explained in Group annual consolidated financial statements as at December 31,2024, but they do not have a material impact on the Group's interim condensed consolidated financial statements.

### 3 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

The interim condensed consolidated financial statements of the Group are prepared in accordance with International Accounting Standard 34: Interim Financial Reporting and applicable requirements of the United Arab Emirates laws.

The interim condensed consolidated financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with IFRS Accounting standards and should be read in conjunction with the Group's annual consolidated financial statements for the year ended December 31,2024. The same accounting policies, methods of computation, significant accounting judgments and estimates and assumptions are followed in these interim condensed consolidated financial statements as compared with the most recent annual consolidated financial statements with exception to the revenue from construction contracts and goodwill which is disclosed below.

Income tax expense for the interim period is determined by applying management's best estimate of the weighted-average income tax rate for annual period, adjusted for certain items fully applicable to the interim period if needed, to profit or loss before tax.

The interim condensed consolidated financial statements have been prepared in United Arab Emirates Dirhams (AED), which is the Company's functional and presentation currency, and all values are rounded to the nearest thousand except where otherwise indicated.

The interim condensed consolidated financial statements have been prepared on a historical cost basis except for investments at fair value through profit and loss, investment properties, and land as included in property, plant and equipment that have been measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

The results for the nine-month period ended September 30,2025 are not necessarily indicative of the results that may be expected for the financial year ending December 31,2025.

#### 3 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES (CONTIUED)

##### Revenue from construction contracts

The Group construct properties under long term contracts with customers. Such contracts are entered into before the construction work begins. Under the terms of the contracts, the Group is contractually restricted from redirecting the properties to another customer and has enforceable right to payment for work done. Revenue from construction is therefore recognised over time using input method to recognise revenue on the basis of entity's efforts to the satisfaction of a performance obligation in accounting for its construction contracts. Management considers that this input method is an appropriate measure of the progress towards complete satisfaction of the performance obligations under IFRS 15.

##### Business combinations

The Group applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred.

If the Group acquires a controlling interest in a business in which it previously held an equity interest, that equity interest is remeasured to fair value at the acquisition date with any resulting gain or loss recognised in profit or loss or other comprehensive income, as appropriate.

Consideration transferred as part of a business combination does not include amounts related to the settlement of pre-existing relationships. The gain or loss on the settlement of any pre-existing relationship is recognised in profit or loss.

Assets acquired and liabilities assumed are measured at their acquisition-date fair values

##### Goodwill

Goodwill represents the future economic benefits arising from a business combination that are not individually identified and separately recognized. Goodwill is carried at cost less accumulated amortisation and impairment losses.

#### 4 SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of interim condensed consolidated financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income, and expense. Actual results may differ from these estimates.

In preparing these interim condensed consolidated financial statements, the significant judgements made by the management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended December 31, 2024.

#### 5 BUSINESS COMBINATION

The Company through its subsidiary ServeU LLC has acquired House Keeping Company LLC, House Keeping Domestic Workers LLC, and Fair Hire Solutions LLC collectively referred as "House Keeping Group" at a purchase consideration of AED 100 million. The date of acquisition is considered as August 1, 2025.

The acquisition date values of the identifiable assets and liabilities of housekeeping group were determined and disclosed below.

The acquisition accounting method was applied on a provisional basis, and the Group did not perform a purchase price allocation ("PPA") for identifiable net assets acquired at the acquisition date. In accordance with IFRS 3 Business Combinations, the Group has 12 months from the date of the acquisition to finalise the PPA.

#### Revenue and profit contribution

Revenue included in the consolidated statement of profit or loss and other comprehensive income contributed by housekeeping group from August 1, 2025 to September 30, 2025, is AED 40.4 million. Housekeeping group also contributed a net income of AED 4.8 million over the same period.

Had the acquisition occurred on January 1, 2025, management estimates the Group's consolidated revenue would have been AED 652.9 million and Group's consolidated income for the year would have been AED 140.9 million.

#### Acquisition related cost

Costs related to the acquisition of Housekeeping Group amounting to AED 2.7 million are included in legal and professional fees within general and administrative expenses in the consolidated statement of comprehensive income and in operating cash flows in the statement of cash flows for the period ended September 30, 2025

#### Goodwill on business combination

The group measured the fair value of the separately recognizable identifiable assets acquired and the liabilities assumed as at the acquisition date. The cost of investment was higher than the fair value of the net assets acquired. This difference, or goodwill on business combination of AED 106.5 million, was recorded in the consolidated financial statement of financial position as at September 30, 2025.

The Group is developing a real estate project "Takaya" in Plot 674-2060 at Motorcity, Dubai, United Arab Emirates. Properties under construction are carried at the lower of cost or net realizable value. Net realizable value represents the estimated selling price less all costs to completion.

Properties acquired, constructed or in the course of construction for sale in the ordinary course of business are classified as development properties and include the costs of:

- Freehold and leasehold rights for land;
- Amounts paid to contractors for construction including the cost of construction of infrastructure; and
- Borrowing costs, planning and design costs, costs of site preparation, professional fees for legal services, property transfer taxes, construction overheads and other related costs.

The Group has assessed the impairment of the projects and concluded that the carrying value of the related development properties is appropriately stated.

Contract liabilities as at September 30,2025 includes amounts billed to customer for the sale of real estate units under the Takaya project which amounted to AED 144.8 million (December 31, 2024: AED 40.4 million).

Significant payments aggregating to AED 90.6 million were made, between May and October 2021 to a third-party vendor. Those payments were documented internally as related to various design and project management contracts, although the management identified that no or negligible service had been received, therefore the Company decided to classify it as advances to contractors.

##### Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- **Level 1:** Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- **Level 3:** Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Group holds investments at fair value through profit or loss.

There have been no reclassifications made during the current period or in the previous year/period.
